2621

--The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

The reply filed 04/15/2008 is acknowledged.

1. The reply filed on or after the date of filing of an appeal brief, but prior to a final decision by the Board of Patent Appeals and Interferences, will not be entered because:
 - a. The amendment is not limited to canceling claims (where the cancellation does not affect the scope of any other pending claims) or rewriting dependent claims into independent form (no limitation of a dependent claim can be excluded in rewriting that claim). See 37 CFR 41.33(b) and (c).
 - b. The affidavit or other evidence is not timely filed before the filing of an appeal brief. See 37 CFR 41.33(d)(2).
2. The reply is not entered because it was not filed within the two month time period set forth in 37 CFR 41.39(b), 41.50(a)(2), or 41.50(b) (whichever is appropriate). Extensions of time under 37 CFR 1.136(a) are not available.

Note: This paragraph is for a reply filed in response to one of the following: (a) an examiner's answer that includes a new ground of rejection (37 CFR 41.39(a)(2)); (b) a supplemental examiner's answer written in response to a remand by the Board of Patent Appeals and Interferences for further consideration of rejection (37 CFR 41.50(a)(2)); or (c) a Board of Patent Appeals and Interferences decision that includes a new ground of rejection (37 CFR 41.50(b)).

3. The reply is entered. An explanation of the status of the claims after entry is below or attached.
4. Other: The amendment filed on 04/15/2008 was not timely filed and the amendment does not properly place the dependent claims in independent form as required by MPEP 1214.06, Part II. Therefore, the amendment filed on 04/15/2008 has not been entered and will not be entered.

In amendment filed on 04/15/2008, the newly added limitations in claim 7 are "wherein the door frame includes two generally parallel vertically extending upright portions", lines 17-18; "wherein the SP station is housed in the interior area, wherein the wall includes a wall opening, wherein the frame is in supporting connection with the wall and extends in the wall opening", lines 20-22; and "a movably mounted cover in supporting connection with the wall, wherein the cover is movable between a first position overlying the wall opening and a second position enabling access to the wall opening, wherein the cover includes at least one cover opening, and wherein when the cover is in the first position the at least one component is accessible through the a least one cover opening," lines 27-31.

The newly added limitations in claim 35 are "(b) framing the wall opening a door frame, wherein the door frame is in supporting connection with the wall; (c) positioning at least one transaction component in supporting connection with the door frame", lines 4-8.

Furthermore, new claims 48 and 49 have been added by the amendment filed on 4/15/2008.

Applicant is given a ONE MONTH TIME PERIOD from the mailing date of this letter in which to present the dependent claim(s) in independent form. See MPEP 1216. 06, part II.
